

PANEL EXPRESS PROGRAM

SJE Rhombus® understands that your customers come first. After all, if you can't get them what they need, when they need it - there is someone else out there that can.

Don't risk losing sales because you don't have the right panel in inventory. Use the Panel Express program offered exclusively from SJE Rhombus.

Panel Express offers expedited delivery on non-stocked control panels* found in our catalog as fast as the next day! Just call us with your panel order and we will give you a guaranteed ship date. Orders received by 11 a.m. CST will ship as early as the next day! You pay only a 20% expediting fee (net price) per panel. Limit one panel per customer order.
