

BUILD-A-PANEL™ PLUS

Expanded Build-A-Panel™ Control Panel Program

Enjoy the quality, flexibility and versatility of our leading Build-A-Panel™ control panels, **PLUS** so much more!

Our **Build-A-Panel™ PLUS Program** is designed to benefit customers who require additional options beyond what our standard control panel line offers, but do not require a custom engineered solution. The **Build-A-Panel™ PLUS Program** utilizes inventoried components to allow for:

- **24-hour quote response**
- **3 week build-to-ship**
- **Affordable solutions**
- **Larger enclosure sizes**
- **Multiple pumps**
- **Two-year limited warranty**

Don't see the option you need listed? Let us know!
We may be able to offer it through the **PLUS** program or we can design a custom engineered solution for you!

OPTIONS

- Motor starters up to 65 Amps per pump
- IEC rated starters
- Enclosure sizes up to 30 x 24 x 12 inches
- Inner door with indicators and operators
- Control panels with maximum SCCR 5KA
- Generator receptacles, up to 100 amps (limited brands)
- SJE Rhombus dedicated pump controllers
- Phone landline auto-dialers
- And more!
